EDUCATION

Bachelor of Engineering (B.E)

Computer Science & Engineering
(4th Year / 7th Semester)

Sir M. Visvesvaraya College of Engineering, Raichur

Expected Graduation: 2027

CGPA: 8.23 / 10.0

SKILLS

Technical

Java, Python, C, JavaScript (ES6+), HTML5, CSS3, SQL

AI, ML & Vision

Digital Image Processing, Computer Vision, OpenCV, Spectral Analysis, Model Optimization

Web & APIs

Full-Stack Web Development, Interactive UI/UX Design, RESTful APIs, Fetch API, DOM Manipulation

Tools & OS

VS Code, Git, GitHub, Linux, Jupyter Notebooks

Core Concepts

Data Structures & Algorithms (DSA), OOP, DBMS, System Architecture

Computer Science & Engineering student passionate about full-stack web development, digital image processing, and machine learning, with experience in building web applications and academic research projects. Skilled in designing interactive web platforms, API-driven weather dashboards, and AI models for agricultural analysis. Adept at leveraging modern software architectures, RESTful APIs, and clean UI components to solve practical real-world problems.

PROFESSIONAL DEVELOPMENT

TCS Empowers Youth Employment Program (YEP)

2026

- **Training & Readiness:** Completed intensive industry-readiness training program organized by Tata Consultancy Services (TCS) for graduates to get corporate-ready. Earned Certificate of Accomplishment.

She Innovates Bootcamp | VTU VRIF, Belagavi

2026

- **Leadership & Entrepreneurship:** Selected among 53 student entrepreneurs in a 6-day flagship program.
- **Methodology:** Applied 5W1H Problem Recognition and "5 Whys" root-cause analysis to refine startup models.

PROJECTS & HACKATHONS

Aegis-Spectral AI-Driven Image Processing & Spectral Analysis

Lead Developer

- **Tech Stack:** Python, OpenCV, NumPy, SciPy, Jupyter Notebooks, Git
- **Core Engineering:** Engineered a non-invasive pesticide detection pipeline utilizing neuro-spectral image analysis to process produce dataset samples.
- **Optimization:** Optimized feature extraction and image enhancement algorithms, targeting a ~20% improvement in detection signal clarity compared to baseline RGB methods.

Weather Dashboard - Real-Time Interactive Weather Platform

Frontend Developer

- **Tech Stack:** JavaScript (ES6+), HTML5, CSS3, Open-Meteo REST API, Geocoding API, Git
- **API Integration:** Implemented an asynchronous two-step API workflow utilizing Open-Meteo Geocoding for coordinate conversion and Forecast API for real-time weather retrieval.
- **UI/UX Design:** Designed a responsive glassmorphism UI with CSS grid/flexbox layouts and custom mapping functions for weather code interpretation.

Expense Tracker - Web-Based Personal Finance Management System

Full Stack Developer

- **Tech Stack:** HTML5, CSS3, JavaScript (ES6+), LocalStorage/Web Storage API, Chart.js, Git
- **Development:** Engineered a responsive web application for real-time tracking of personal income, categorized expenses, and dynamic budget analytics.
- **Data Persistence:** Implemented persistent local data storage using browser LocalStorage API to ensure seamless session continuity without backend latency.

Mini Code Canva - Interactive Web Development Learning Platform

Developer

- **Tech Stack:** HTML5, CSS3, JavaScript (ES6+), DOM Manipulation, VS Code, Git
- **Gamified Learning:** Developed an interactive learning platform featuring 15+ coding puzzles and web design quizzes to teach frontend development fundamentals.

Smart India Hackathon (SIH 2025)

Participant / Solution Designer

- **Project:** Digital Mental Health & Psychological Support System for Students in Higher Education
- **Contribution:** Contributed to problem analysis, solution design, user workflow, and pitch presentation for confidential support mechanisms.

CERTIFICATIONS & TRAINING

- **NPTEL Online Certification (Elite):** Cloud Computing – 12-week course (Jan–Apr 2026), IIT Kharagpur (Consolidated Score: 63%).
- **NPTEL Online Certification (Elite):** Programming In Java – 12-week course (Jan–Apr 2025), IIT Kharagpur (Consolidated Score: 60%).
- **TCS Youth Employment Program:** Certificate of Accomplishment for graduates industry-readiness training.
- **Center of Excellence in AI-Based Skilling & Assessment:** Skill Challenge – Introduction to Python Programming (Completed 21/03/2026).
- **Simplilearn SkillUp:** C Programming Basics: Kick start your programming career (Completed 24/09/2024).
- **E-Cell IIT Hyderabad & Grad Guru:** Career Guidance Session Webinar Participation Certificate.
- **Grad Guru Innovation (ISO Certified):** Career Guidance Session Certificate of Participation (Completed 01/03/2026).
